

I recently found K-LOVE on my radio in Durham. It has been such a pleasure listening to this station. I know of no other Christian station in my area. To be able to turn on the radio and not have to worry about what my children are hearing is invaluable. To hear them singing and know their faith is being enriched is priceless. I find I am a more patient and careful driver when I'm listening to K-LOVE. To lose this station would be a huge loss to my family. It provides us with comfort, encouragement and hope in a way no other station has. I believe losing this station would also be a loss to my community, for K-LOVE is one of a kind and is sure to touch others as it has touched me and my family.
